When it comes to beans, you've got things pretty well covered.

Except for the kind you count.

Perhaps we, can help.

We, are Manthan Systems.

And we have for you ARC Finance Analytics.
A single analytics platform that integrates financial and grocery retail operational data.

And provides a wide array of pre-configured financial metrics, dashboards, scorecards and analysis.

Everything, in short, that you need for effective financial reporting and analysis.

As with all our globally proven ARC retail performance management solutions, ARC Finance Analytics is action-oriented to streamline your decision making process.

Designed to help you drive optimised performance, profitability and deliver significant cost savings through reduced manual processing and analysis efforts, and information processing delays.

Best of all, we'll help you deploy ARC Finance Analytics in just 8 weeks.

You can start, by letting us know if you'd like to see a web demo.
